

The Beechwood Buzz

June 2026

From 82 incredible cars to the amazing sounds of the Mark Mazur Band, our Wheels on Wednesday Car Show was one for the books! Guests enjoyed delicious hot dogs and refreshing root beer floats while taking in all the fun. *Pin Ups for a Cause* brought their vintage charm and *Jim the Balloon Guy* delighted guests of all ages with his incredible creations. Seeing our residents and their families together, making memories and sharing so many smiles is what makes events like this so special.

Asbury Pointe residents and staff enjoyed their annual hot dog roast. Sunshine and good company remind us how special it is to gather, laugh and share simple summer favorites together.

Even when the summer weather doesn't cooperate, the residents of North Church still enjoyed a true summertime picnic under the pavilion. Sheltered from the rain and heat, they gathered for good food, easy conversation, and the simple joy of being together. Proof that a little Western New York weather can't stop a great day.

*Thank
you!*

Our Cummings/Wells courtyard has blossomed with new life thanks to the generosity and dedication of members of our Beechwood community. We extend our heartfelt appreciation to Cummings House resident Jack Thompson, along with family members Claudia Kolbe-Hawthorne (Master Gardener) and Deborah Dias, for their generous donations of vibrant plants and flowers. Their countless hours spent weeding, tending, and caring for the courtyard have created a welcoming outdoor space for all to enjoy.

We also wish to express our sincere gratitude to the family of Charlotte Adounader for their thoughtful in-kind donation of a 15-foot outdoor patio umbrella. This addition will provide much-needed shade for residents, visitors, and staff, and will allow residents to dine outdoors on pleasant days.

Support like this strengthens our community and enhances daily life for those who call Beechwood home. We remain deeply grateful for all who continue to give their time, talents, and resources to our residents.
